Arbor Day Celebration

This year, Arbor Day will be celebrated on Friday, December 3 in the Mayor's Garden of Town Hall at 1:30 p.m. The Hilton Head Island Council of Garden Clubs invites all who are interested to witness the planting of a native loblolly bay tree (*Gordonia lasianthus*) at the Town Hall site.

A special feature will be the reading of the prize-winning essay by its author, a local senior high school student. Students were asked to write a brief essay addressing the question, "How does (the late) Charles Fraser's unique plan for Hilton Head Island affect you?" Those interested in participating were encouraged to first read the brief section in John McPhee's book, *Encounters with the Archdruid*, regarding Charles Fraser's vision. The winning essay was selected by a representative Garden Council committee from among many submitted by Hilton Head Island high school seniors.

Mayor Tom Peebles is expected to be present in honor of the occasion and light refreshments will be served.

For more information, please call Nancy Hudak at 363-2786.
