business brief

residency-trained emergency physicians who provide services relating to preservation of life and limb including advanced life support and major and minor emergency care. The emergency department expanded to better serve its estimated 23,000 annual patients with a 23-bed unit. Dedicated rooms include trauma, cardiac, ENT, OB/GYN, Orthopedic, Suture, Psychiatric, Isolation, and Observation Rooms.

- Women's Center with spacious and beautifully decorated private labor, delivery and recovery (LDR) suites, a well-baby nursery, and a Level I neonatal intensive care unit.
 - Dedicated Orthopedic unit and Joint Replacement Program is designed specifically for the diagnosis and treatment of joint disorders and for improving function and reducing pain. Education is a large component of the Joint Replacement Program.
 - Accreditations: The College of American Pathologists (Laboratory); American College of Radiology (Certified Mammography Facility -- Mammographic Imaging Service); Joint Commission on Accreditation of Healthcare Organizations; Commission on Accreditation for Rehabilitation Facilities (CARF); American Association of Blood Banks (AABB).

Coastal Carolina Medical Center, currently under construction, is scheduled to open December 2004 and intends to provide affordable, accessible care for families as the Lowcountry communities continue to grow. Located on Highway 278 just east of Interstate 95 in Hardeeville, the 41-bed, full-service hospital will offer a variety of inpatient and outpatient services, including a six-bed women's center, intensive care, rehabilitation, diagnostic imaging and a full-service emergency department staffed with board-certified physicians. In addition to provide medical services, the hospital will impact the surrounding community by:

- Providing a \$31 million project for local subcontractors and laborers
- Generating an estimated \$500,000 per year to the local tax base
- Adding approximately 250 new jobs to the area

Beaufort Memorial Hospital provides oncology services in addition to a full range of medical services and recently broke ground for the Keyserling Cancer Center, scheduled to open next year. (843) 522-5200. Web site: www.bmhsc.org

St. Joseph's/Candler of Savannah, Georgia is comprised of St. Joseph's Hospital and Candler Hospital, two of the oldest continuously operating hospitals in the U.S. They represent the largest healthcare system in southeast Georgia and the only faith-based and locally managed facility in Savannah. Through groundbreaking innovations in such services as cardiology, oncology, digestive diseases, neurosensory disorders, orthopaedics, women's and children's services and diabetes, St. Joseph's/Candler strives to set the standards for healthcare in the region.

St. Joseph's/Candler **Institute for Cardiovascular Health**, located within the hospital campus, offers a full range of cardiac services, excluding heart transplants.
